

**It has been a very exciting year for the WYSC.**

**My role as VP & Technical director has been a rewarding experience for me.**

**Our initiative to hire our first professional TD has been a fantastic advancement for the club. Steve September (S7) came on board in late April & spent the first month assessing players/teams & getting into the WYSC groove. We have run many coaching sessions with varying attendance, but by the end of the fall season S7 had been able to touch the majority of our coaching staff & enhance the direction of the club greatly. I suggest if funds permit that we continue to grow the relationship with S7 & I am confident that he can maximize opportunities to provide a consistent methodology & increased coaching standards for our coaches.**

**Summer camps have been a raging success this year.**

**Firstly Saibo EFS camp in early July had 74 kids (a record for him 1 more than at Williams Lake) & the camp was hot, dry & skill enhancing!!**

**Good verbal feedback from the parents & the few that completed our feedback forms.**

**The WYSC made almost \$1000 towards administration costs.**

**S7 ran his TD camp which looked intimate with only 8 registered & then doubled by the start of training to 16. Again good feedback from parents who took advantage of this camp.**

**Finally we have had the High Performance camp this week Aug 17-21 with 42 registrations & we are very fortunate to have both Sandi Pottis & Donn Sparks heading up the coaching staff.**
